WHY ORPHANED YOUTH?

Homework By Street Light

Young people who have lost one or both of their parents fall into a vulnerable gap.

- They are too old for orphanages and too young & ill-equipped to support themselves.
- They are susceptible to abuse and trafficking and, often out of desperation, take jobs in exploitative situations. Very few reach their God given potential.

New Dawn bridges this gap by offering them a nurturing place within our caring communities, at no cost to them.

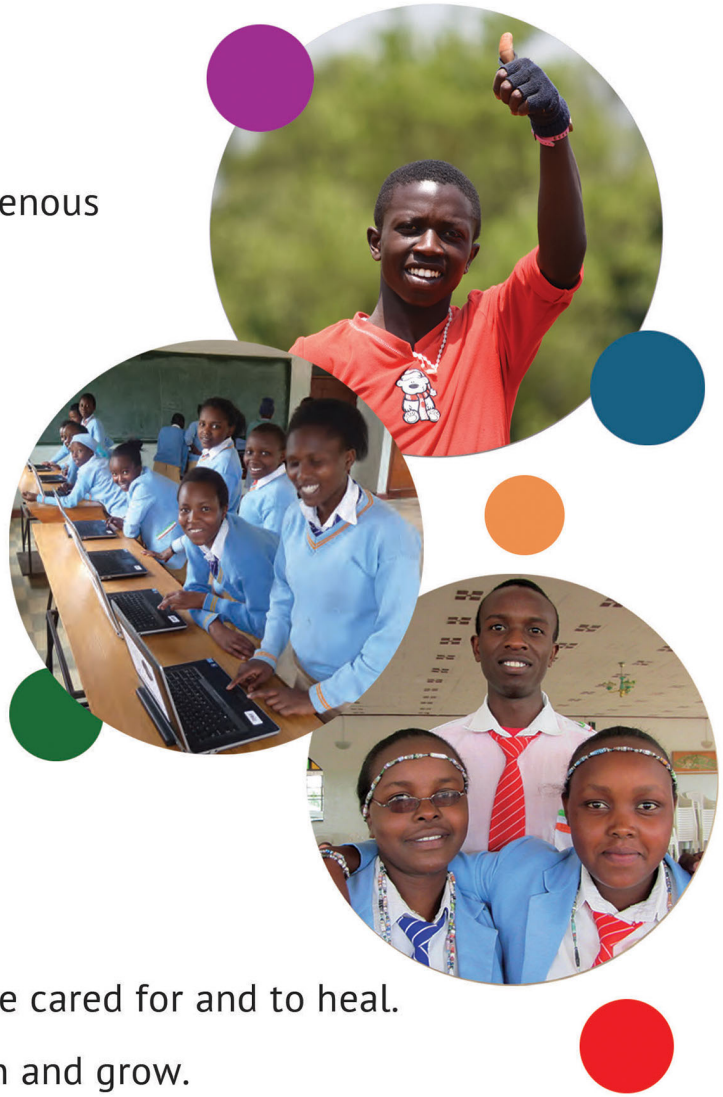

Consider Mary, a traumatized young girl who found her way to our New Dawn Community in Kenya.

When her mother died, Mary was driven from her home by her father, who told her, "You are no longer my daughter, I am no longer your father." Sadly, such family dynamics are not uncommon in these kinds of desperate circumstances. Although she lost her mother through death, and her father through abandonment, she discovered an accepting community and a happy home waiting for her at New Dawn. In this healthy, safe and stable environment, Mary has been able to heal from her traumatic losses and has matured into a confident young woman who now has the faith, character, knowledge, and skills to pursue her hopes and dreams. Her future no longer seems dreadful, because her stay with the New Dawn family has shown her that despite the hardship of her past, God's plan and purpose for her future includes a bright and promising path forward.

YOU CAN STAND IN THE GAP!

Partnering with New Dawn allows you to provide an orphan, like Mary, a place to belong, to be cared for, and to heal. With the encouragement, education, training and experience that are gained by living at New Dawn, our graduates become well equipped to confidently face their future. Your support is what makes their transformation possible!
